The lines now carried are

FURNISHINGS FOR MEN, WOMEN AND CHILDREN
KITCHEN-WARE, CHINA, HARDWARE and PAINTS.

Experienced buyers are in charge of all departments and frequent visits to New York keep them posted upon styles and values.

WE ARE SO CONFIDENT that our assortments compare favorably with those carried by the largest metropolitan stores, that we make this unusual offer --- If a SPECIAL COLOR or a VERY LARGE SIZE or a STYLE but little in demand is wanted, we will agree to get the article if it is PROCURABLE in the UNITED STATES or EUROPE. We have a permanent New York purchasing office and several experienced buyers are always ready to visit the wholesale or retail stores to execute your commands.

## INSTRUCTIONS TO KEY HOLDERS

Alarms are to be given from the box nearest the location of the fire.

Do not give an alarm for a fire seen at a distance, unless assistance is called for.

To give an alarm open the door, pull the hook to the bottom of the slot once and let go. Each box contains a small bell, which, if heard before you pull indicates that an alarm has been previously given, and by listening at the box you will learn the number of box from which the alarm is given, but in no case will you pull the hook while the alarm is striking. After giving the alarm remain at the box so as to direct the firemen to the fire. Be sure that you lock the box before leaving it.

Citizens are requested to inform themselves where keys to the signal boxes are kept, signs suitably inscribed being placed over each box giving the requisite information.

First alarm will be given by striking two or more rounds of box number.

Second alarm will be given by striking two blows once followed by box number.

Third alarm will be given by striking three blows followed by box number on gongs, bells and whistles.

Fourth alarm will be given by striking four blows followed by box number on gongs, bells and whistles.

Fifth alarm will be given by striking five blows, followed by box number on gongs, bells and whistles.

# The Problem of Tire Vulcanizing

WE do not flatter ourselves, Mr. Motorist, that you believe this statement now; but we are certain that if you will test and try out our work on the road, you will then know that our claims are facts. Our many years experience in high-class automobile tire repair work, a knowledge of the high-class material used and the knowledge of the material used in OTHER repair shops are some of the facts we believe to be true. We have the LARGEST and FINEST equipped plant for the repair of automobile tires in the city. Automobile tires and tubes called for, repaired and delivered on the same day.
